

Directions to the Boardroom located in the Eli and Edythe Broad Center of Regeneration Medicine and Stem Cell Research Headquartered in the Ray and Dagmar Dolby Regeneration Medicine Building (RMB)

- Use the Medical Sciences Bldg., Entrance at 513 Parnassus
- Take the left-side bank of elevators to the 9th Floor
- Exit the elevators and take a left down the long hallway toward a set of cream double-doors.
- Turn right and pass two doors on your left before you come to a set of blue double doors.
- Through those blue double doors you will encounter a set of glass double doors.
- Walk through the glass doors and down the bridge to the security desk for check in.
- If you visiting a specific POD, please ask security and they will direct you to the right entrance and path.
- For the Boardroom, make a right and walk the ramp alongside the building to the last set of stairs. The boardroom entrance is located at the top.

Please note this is a secure building and ALL visitors must check in with the security desk at the end of the bridge to the left. Anyone with a UCSF ID just needs to show their badge to security to gain access.
